

Additional information can be obtained from:

- Your school Principal
- The System Principal of Special Education
- The Superintendent of Education – Student Achievement, responsible for Special Education, Mental Health and Well-being

- An outline of the special education program and services that will be received;
- A statement about the methods by which your child's progress will be reviewed; and
- A transition plan that includes the specific goals, actions required, person(s) responsible for actions, and timelines for each educational transition where the student requires support.

The IEP must be completed within 30 school days after your child has been placed in the program, and the principal must ensure that you receive a copy of it. A "placement" for the purposes of creating an IEP means the start of a new grade or new semester, or the placement in a system class such as Learning and Life Skills.
